

2026 IEEE/SICE International Symposium on System Integration (SII 2026)

January 11-14, 2026 @Cancun, Mexico

IEEE/SICE SII is the premier symposium series presenting the state-of-the-art and future perspectives of system integration, where academic researchers and industry experts share ideas and experiences surrounding frontier technologies, research breakthroughs, and innovative solutions and applications.

The 2026 IEEE/SICE International Symposium on System Integration (SII 2026) will be held from January 11 to 14, 2026, in the vibrant city of Cancun, Mexico.

System integration is key for the betterment of society as the integration of hardware and software is crucial to solving industrial and societal challenges. This symposium focuses on new research and industrial applications of system integration, and discusses approaches and methodologies to improve its effectiveness.

The 2026 Organizing Committee invites you to become a sponsor at this exciting and high-profile event to showcase your products and services.
