

2026 IEEE/SICE INTERNATIONAL SYMPOSIUM ON SYSTEM INTEGRATION SII 2026 CANCUN

Call for Workshops & Tutorials

The Organizing Committee of the 2026 IEEE/SICE International Symposium on System Integration (SII 2026) invites professionals in system integration to propose a Workshop or Tutorials to be held during the conference in Cancun, Mexico. Workshops & Tutorials provide the opportunity to promote interactions among practitioners and researchers interested in deeper engagement with relevant topics. Proposals for half-day or full-day Workshops or Tutorials with topics related to the conference scope are all welcome.

Proposal Content

If you intend to propose and organize a Workshop or Tutorial, please provide us with a proposal using the official template. We ask organizers to plan a program for in-person participation and to consider their event's support needs while preparing their proposals. The proposed Workshop or Tutorial should focus on engaging its attendees in active participation with the speakers. Organizers are also asked to ensure a diversity of thought and background in their event.

The proposals will be evaluated based on the following points:

- The importance and relevance of the proposed topics for the conference scope.
- The soundness of the plans to engage and foster active participation of the attendees.
- The inclusiveness of the event to people with different backgrounds and expertise.
- The diversity and experience of the organizers.

Upon acceptance, the organizers will be required to provide a final abstract and a dedicated website for their Workshop or Tutorial.

Proposal Submission

All proposals for Workshops & Tutorials will be submitted in PDF format through the PaperPlaza Conference/Journal Management System.
