

**Organizer Information**

Surname (Family name, Last name): Saegusa

---

Given name(s): Ryo

---

Department: Center for Human-Robot Symbiosis Research

---

Affiliation (University, Organization, Company): Toyohashi University of Technology

---

E-mail Address: ryos@ieee.org

---

**Session Information**

Session Name: System Intelligence for Human Life Support

---

Abstract for the Session:

<p>This session aims in briefing new ideas and approaches of system intelligence for human life support. We would welcome any presentation related to this topic, and it is preferable if the proposal frames a problem based on our real life and show a unique approach using system intelligence methodology. The session scope encompasses studies in the field of system integration, machine learning, man-robot interaction, ubiquitous computing, human sensing,</p>
